

Eco-Education & Youth Excursion

Co-Created With Schools • Rooted in
Culture, Nature, Wildlife & Community

www.sewajourneys.com

Learn • Serve • Explore

At SEWA Journey, we offer ready-crafted excursion proposals that can be customized in consultation with schools to fit their academic goals, student needs, and preferred themes. Each program is thoughtfully designed to balance cultural immersion, nature-based learning, wildlife exploration, community welfare, and soft adventure — ensuring a holistic and meaningful experience for students of Classes IX–XII.

Set in Banachaya Village, a newly relocated community in the foothills of the Shivaliks and the buffer zone of Buxa Tiger Reserve, these excursions allow students to live with local families, explore the landscape, and learn through authentic real-world experiences.

What This Excursion Offers

 **Community-Living & Cultural Immersion**

 **Hands-On Learning in Sustainability**

 **Nature, Wildlife & Ecology**

 **Creative & Reflective Experiences**

 **Cultural Celebration**

Community-Living & Cultural Immersion

Students stay in small groups with local families, sharing home-cooked vegetarian meals, daily routines, and cultural traditions. This homestay model nurtures gratitude, respect, empathy, and cross-cultural understanding while offering a real taste of rural resilience.

Why This Excursion Matters

- Empathy, gratitude & social responsibility
- Teamwork, adaptability & leadership
- Awareness of ecology, conservation & rural livelihoods
- Respect for diversity and sustainable living
